Darwin Pena Cabrera

Perth Amboy, NJ| https://www.linkedin.com/in/darwin-pena-cabrera-b5647a227/

Profile

Detail-oriented and bilingual logistics professional with more than eight years of progressive experience in warehouse operations, inventory control, and yard coordination. Experienced in promoting workplace safety, optimizing freight flow, maintaining inventory accuracy, and coordinating cross-functional teams in fast-paced distribution environments. Currently completing a bachelor's degree in Web Development, with foundational knowledge of HTML, CSS, JavaScript, TypeScript, Angular, and SQL. Interested in combining industrial engineering, logistics experience, and software development to create practical technology solutions that improve business operations.

Experience

LOGISTIC YARD COORDINATOR | TARGET | OCTOBER 2023 - PRESENT

- Promoted and upheld a “safety first” culture through training, awareness, and accountability.
- Monitored carrier compliance with safety expectations, addressing unsafe acts immediately to ensure a secure environment.
- Maintained real-time updates in the yard management system to reflect current trailer status.
- Collaborated cross-functionally with First Mile Transportation to manage trailer pools and adapt to freight flow changes, maintaining safe and efficient yard operations.

OPERATIONAL CLERICAL| TARGET | JUNE 2021- OCTOBER 2023

- Ensured timely and accurate delivery of merchandise to stores by managing multiple logistical and operational tasks.
- Processed and maintained detailed records of paperwork, invoices, and operational reports to support inventory and shipment accuracy.
- Coordinated daily activities of warehouse staff to ensure efficient task execution and adherence to workflow priorities.
- Collaborated with internal teams and external vendors to identify and resolve issues quickly, maintaining smooth supply chain operations.

ICQA TEAM MEMBER | TARGET | MARCH 2018-JUNE 2021

- Oversaw damaged merchandise processing as a centralized function, ensuring efficient handling and accurate documentation.
- Conducted routine audits and cycle counts to identify inventory discrepancies and resolved storage location defects through root cause analysis.
- Responded promptly to calls and alerts from warehouse team members, providing support and direction to maintain workflow continuity.
- Investigated and corrected inventory record inaccuracies; performed follow-up audits and defect dissections to identify and eliminate systemic issues.

Education

WEB DEVEDELOPMENT STUDENT | 2022-PRESENT | BELLUEVE UNIVERSITY
